AFTER TWO NEGROES

MOB HOLDS UP A TRAIN IN A VAIN EFFORT TO LYNCH COLORED MEN.

Huntington, W. Va., Aug. 1.—A Chesapeake and Ohio express train was held up by a mob of 200 men near Clifton Forge late last night and a desperate effort was made to take two negro prisoners from the train. Over 100 shots were fired by the mob and when the train reached Huntington, twenty bullets were buried in the woodwork of the smoking car and all the window glass had been shot out. At Clifton Forge the prisoners were taken on board to be brought to Covington, Va., for safe keeping. Engineer Peck of Hinton and Conductor Hall of Huntington, who were in charge of the train, saw lights waving on the track just as the train had begun to gather speed after leaving Clifton Forge. The train was stopped immediately and Engineer Peck started to get out of his locomotive to find out why the train had been flagged. After the train came to a standstill a mob surrounded the locomotive and coaches and threatened to shoot Engineer Peck if he moved the train. Conductor Hall, who had anticipated trouble when he saw the train flagged, was prepared for the mob and as they made a rush for the coaches, he ordered all the doors of the cars locked. The mob finding that it would be impossible to enter and obtain the negroes, began to gather around the smoking car in which the negroes were under guard. As Conductor Hall ran through the train calling on the passengers to lie flat on the floor, the mob began to fire into the windows of the smoking car, while the passengers scrambled from their seats to a place of safety from the flying bullets. The firing was kept up for several minutes and bullets whistled through the car windows. While women screamed the mob outside continued their clamoring for the two negro prisoners. Not a passenger or trainman was injured. The men guarding the engineer ran back to the smoking car and he then pulled the throttle wide open and took the train to Covington, where the negroes were placed in jail. The negroes are from Lynchburg, Va., and are believed to be the men who seriously shot a white brakeman, Edward Hitt, on a Chesapeake and Ohio excursion train between Clifton Forge and Lynchburg a few days ago.

ELECTION OF A POPE

CONCLAVE ASSEMBLES TO DECIDE UPON A SUCCESSOR TO LATE PONTIFF.

CARDINALS ARE ALL AT SEA

NOT ONE OF THEM SEEMS TO KNOW WHO WILL WEAR THE COVETED TIARA.

Rome, Aug. 1.—The largest conclave in the history of the Catholic church has now assembled in the Sistine chapel for the purpose of electing a successor to Leo XIII. Sixty-two cardinals, with over 200 clerical and lay attendants, are, to all intent and purpose, prisoners within the vatican. One of them, Cardinal Herrera y Esplana, archbishop of Valencia, was prostrated immediately after entering the conclave, and lies ill in his cell. Today the cardinals will enter upon the solemn duty of choosing the new pope by ballot. The general impression exists that within two or three days possibly, though not probably today, a new pope will be chosen. But no matter how long a time may be required, the absolute seclusion of the princes of the church from the outer world must, according to the church law, continue until a choice is made.

Cardinals Are at Sea.

Prognostications as to who will wear the tiara as Leo's successor have little value, as even the cardinals, who last evening entered their cells, seemed to be without definite ideas as to the issue. Cardinals Rampolla, Serafino Vannutelli, Di Pietro, Gotti and Oreglia continue to be most frequently mentioned as the likely candidates, but the moment the name of one of them is mentioned a hundred reasons are supplied to show that he could not possibly be elected.

So seldom have the majority of the cardinals now here met each other and so widely do they differ in nationality and personality that no organized movement in support of any one cardinal has thus far been practicable.

The rival claims of the leading Italian cardinals, so freely ventilated in the local press, are matters which are all important in connection with the decision of the conclave. More interesting, perhaps, in a certain way, is the impression which prevails in certain sections that, no matter what the verdict of the conclave may be, great changes are impending in

The Policy of the Vatican.

and that within a year or two the new pope will no longer consider himself a prisoner in the vatican, but will, unlike Leo, leave its precincts when necessary.

Just before going into his cell, a prominent cardinal threw an interesting side light on the chances of Rampolla. Leo's secretary of state has been persistently abused recently by the government papers for his temporal power policy.

"I am not so sure," said the cardinal, "that the public attacks on Cardinal Rampolla by the government are not inspired with a view to working up among Catholics and cardinals a spirit of enthusiasm for him which might greatly increase his chances of election. Indeed, it is perfectly certain that the Italian government would not be at all sorry to see Cardinal Rampolla wear the tiara as, at heart, I do not believe the government has any serious disposition to alter the existing relations between the vatican and the quinal."

Has a Strong Following.

There is no doubt that Cardinal Rampolla, who is so well known to all the cardinals because of the position he held under the late pope, has a strong following, but whether it is even approximately strong enough to bring him within measurable distance of the papal throne will only be revealed when the first ballot is taken today.

Cardinal Serafino Vannutelli was certain, according to a statement of one of those who entered the conclave last night, to secure ten votes at the first ballot. He is regarded as particularly friendly to Ireland and it is understood has the support of Cardinal Logue, archbishop of Armagh, and it is said, also of Cardinal Gibbons.

One of the features of the day's preparations was the comparative ignorance displayed by some of the cardinals concerning the conclave's method of procedure. One of them, who looks old enough to have participated in any number of conclaves, although Cardinal Oreglia is the only member of the sacred college with previous experience, ingeniously admitted that he had not read the rules governing the technicalities of voting since he was a boy at a seminary.

Lines to Last Three Days.

All the members of the sacred college, by mutual agreement, took with them when they entered the conclave sufficient clean linen to last three days. If, at the expiration of that time, the conclave is still in session, arrangements have been made to pass out the soiled linen on the dumb work and have the laundry work done by employees of the vatican.

Before entering the conclave, Cardinal Gibbons requested the Associated Press to deny all interviews alleged to have been given out by him while in Rome and also all published accounts of conversations he is alleged to have had with private individuals.

referring especially to the statements of the Italia Thursday to the effect that he had criticised the policy of Rampolla.

Until the conclave is ended, 700 Italian troopers will remain in the piazza of St. Peter's, 400 men to the right and 300 men to the left while 150 more soldiers will be stationed in the piazza of St. Mark. Mounted carabinieri and policemen will patrol the walls of the vatican.

The gardens and streets adjacent to the vatican will be watched day and night by Italian troops.

consideration of being relieved from furnishing the straps by Machen Stern paid to W. C. Long a large amount of money which Long divided with Machen.

"The straps which Long had been relieved from furnishing were purchased by Machen from a New York firm without competition. He required this New York firm, however, to pay a commission of 4 cents per strap, which commission was collected by W. C. Long and divided between Long and Machen. In this transaction Machen not only secured money from Stern for relieving him from furnishing the strap, which he had contracted to furnish, but required the man from whom he bought the straps to pay him a commission on the strap which he was giving to Stern. Long was used as the intermediary in both transactions. Over \$22,000 was paid by the department for straps that were furnished to Stern, though Stern had contracted to furnish them himself. Long, Machen and Stern have been indicted in this case for conspiracy to defraud the government."

The statement then tells of the contract entered into with J. E. Cupper of Lock Haven, Pa., by which the latter was to paint posts, package boxes and letter boxes at exorbitant figures. A part of the money Cupper received for painting was paid to Long, who divided it with Machen.

STEAL VALUABLE GEMS.

Chicago Thieves Take Diamonds That Are Worth \$5,000.

Chicago, Aug. 1.—While the jewelry store of Louis Weber, at Clark and Harrison streets, was full of customers last night, robbers entered the basement of the place and, cutting holes through the floor and the raised platform between the outer and inner show windows, stole two trays of diamonds valued at \$5,000. Gaining access to the basement through a vacant store in the rear, the thieves sawed a hole in the floor back of the show window large enough to permit a hand to be passed upward where the jewelry lay. The plush covering of the raised floor back of the window was cut away with a knife.

FALL INTO A RIVER

TWO PEOPLE DROWNED AND SEVERAL OTHERS INJURED AT PORTLAND, ORE.

Portland, Ore., Aug. 1.—While hundreds of people stood on the Morrison street bridge Friday to see Clarence Lutz, an armless man, swim across the Willamette river, a section of the bridge collapsed, precipitating more than 100 people forty feet into the river. Lottie E. Cameron and Edward Shark were drowned, five persons are missing and eighty persons were injured slightly. Many fell on two small houseboats moored to a pier of the bridge immediately under the spot where it gave way. Several persons were injured by a striking on houseboats, while others were hit by falling timbers.

The Willamette river at Morrison street is about three-eighths of a mile wide. As Lutz was finishing his swim, the crowd rushed to the south edge of the bridge in order to get a good view. A section of the footwalk gave way. Some struck on the houseboats moored under the bridge, while others fell directly into the river, which is about fifteen feet deep at that point. Many fell between the houseboats, forming a pile ten feet high of struggling men, women and children.

Hundreds of people at the clubhouse of the Portland Rowing club, men in boats and on shore, immediately started the work of rescue. Dozens of boats at the scene soon picked up those struggling in the water, while the injured, who were clinging to the houseboats, were taken into the clubhouse and medical aid summoned.

Every ambulance in the city, several fire companies and a large force of police arrived within a few minutes, and victims with broken arms and legs were hurried to the hospitals.

The bridge is an old wooden structure, having been built sixteen years ago, and has been considered unsafe for some time, although it was not condemned.

YOUTHFUL ELOPERS MARRIED.

Father of the Girl Arrives Too Late to Prevent the Ceremony.

St. Paul, Aug. 1.—James C. Fitzgibbons and Miss Amanda Van Dyke, two youthful elopers from Dubuque, Ia., reached St. Paul yesterday and were married by Court Commissioner Gallick just in time to escape the girl's father, who had followed them to this city, and who met them in the corridor of the city hall less than one minute after they had become man and wife. The groom is not yet of age and the bride is scarcely seventeen. On learning that the young people were married, Mr. Van Dyke decided to make the best of it and took them back home with him.

INVOLVES LARGE SUM

WISCONSIN INSURANCE COMMISSIONER MAKES AN IMPORTANT RULING.

MUST DISTRIBUTE SURPLUS

COMPANIES WILL DOUBTLESS CARRY THE CASE TO HIGHEST COURTS.

Milwaukee, Aug. 1.—The Sentinel says: Insurance Commissioner Zeno M. Host yesterday decided that mutual life insurance companies doing business in this state must distribute their surplus among the policy holders at least once in five years. The decision affects many companies in this country and involves some \$500,000,000 which has been withheld by companies doing business in Wisconsin. That the stand of Mr. Host will be fought by the insurance companies there is no doubt, and eventually it will reach the highest courts. The outcome of the case has been watched for months by every company in the country, and if the commissioner's stand is sustained by the courts it will cause a shake-up in insurance circles such as has never been seen. It will make it possible for heirs of dead people to claim surpluses and compound interest that have been withheld, according to a well known insurance man, and endless litigation is probable.

The decision came on a complaint made by L. A. Bruckhorst of Milwaukee against the Equitable Life Assurance Society of the United States, of New York, the complainant being represented by Senator Julius E. Rober. Mr. Bruckhorst stands in the place of a large number of policyholders.

"Tontine" Policies Affected.

The kind of policies that will be affected are those known as the "tontine," wherein policyholder and insurance company enter into a contract by the terms of which the earnings of the policy are to be paid at the end of a term of years, generally twenty. By the terms of the policy the policyholder, should he lapse in his payments of premiums in the meantime, all the money that he has paid in, together with the interest earned thereby, goes to swell the "tontine" class fund, and is distributed pro rata among the policyholders when the time arrives for the payment of the interest under the terms of the contract.

In case of the death of the holder of a "tontine" policy before the time for the payment of the earnings, the heirs or beneficiaries receive the face value of the policy and the accumulated earnings, if any there be, are placed to the credit of the "tontine" fund and are distributed at the time the interest becomes due, at the expiration of the term of years for which the policy is "tontined."

ATTEMPTED BRIBERY.

Governor Lafollette of Wisconsin Talks Upon the Subject.

Madison, Wis., Aug. 1.—Strong and direct charges of attempted bribery in connection with the legislature of 1901 were made by Governor Lafollette in his Chautauqua speech before the Monona assembly in this city. The remarks were not included in the prepared address of the governor, but were gleaned from the stenographic report of the governor's speech. No attempt was made to declare that the facts of the successful use of money was capable of proof. The governor said:

"Bribery is a crime in the dark. There is the bribe-giver and the bribe-taker. It is a crime difficult to prove. No one will confess himself willingly into the penitentiary. That money was used, no one who watched the session can doubt. That money was offered and refused, is susceptible of proof. But you can understand with what reluctance men in public life are willing to come forward and offer their testimony of even that. They know they will be pursued by all the agencies in the power of these great and rich corporations."

OFFICERS BECOMING WEARY.

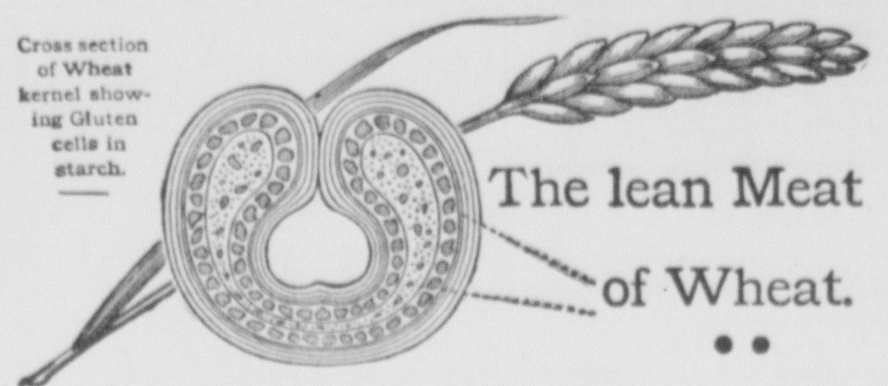

Pursuit of the California Desperadoes Being Abandoned.

Placerville, Cal., Aug. 1.—Twelve of the desperadoes who escaped from the Folsom penitentiary are still at large and developments indicate that the pursuing officers have become weary of their fruitless search. Governor Pardee has issued an order withdrawing the Placerville company of the national guard from the chase, and reports have been received that many members of the sheriff's posse are returning to their homes. All traces of the outlaws appear to have been lost and the prospect of their capture is more remote than ever.

FROM THE SAME SCOFFOLD.

Two Murderers Hanged in the Jail yard at Prescott, Ariz.

Prescott, Ariz., Aug. 1.—Hilario Higuera and Francisco Renteria, murderers of C. E. Goddard and Frank Cox at Goddard station, in February of this year, were hanged in the jail yard here Friday from the same scaffold.

GLUTEN—is the prime muscle-making constituent of Wheat, and its flavoring principle. Indiana Wheat is richest in Gluten, yet 60 per cent of even that best wheat is,—Starch.

Starch is a mere fat-former,—heating in Summer,—dyspeptic,—and a poor strength food.

PRESTO quick-flour is rich in Gluten, with only a low percentage of Starch, and is milled down to such unusual fineness, and uniformity, that it works into pastry twice as quickly, and twice as evenly, as other flours.

Because of this uniform fineness its tiny particles are promptly penetrated, and digested, by the Gastric juices of the stomach, being thus converted into strength long before ordinary flour starts conversion into fat.

Not six per cent. of American flour is equal to **PRESTO** in nutrition, flavor, and "keeping" qualities.

Yet Cake, or Pastry, made from it costs a trifle less than from common flour—as comparative recipes prove.

PRESTO needs no Baking Powder, and much less than other flours, of that costly and indigestible thing—"shortening." Note relative costs in next ad.

TRADE OF THE WEEK.

EVIDENCE OF LOYALTY.

King Edward and Queen Alexandra Warmly Greeted at Limerick.

Galway, Ireland, Aug. 1.—King Edward, Queen Alexandra and their party left Galway by train Friday morning for Kilmaree, where they arrived at 2 p. m. and met with an enthusiastic reception. Their majesties visited the convent and then rode in a motor to Doreen House, the residence of Lord Lansdowne, the foreign secretary, where they were entertained by his lordship. The king and queen, after a luncheon at Doreen House, embarked on board the royal yacht Victoria and Albert, bound for Queens town.

The weather was beautiful and the scenes witnessed Thursday were repeated at all the stopping places. The peasants and landlords turning out in full numbers and giving every evidence of loyalty. This was especially noticeable at Limerick, which was passed by the royal party on their way to Kilmaree. A great crowd of people at Limerick gave their majesties a most cordial greeting.

Industrial Situation is Generally Satisfactory.

New York, Aug. 1.—Bradstreet's review of trade says weather, crop and trade conditions are seasonably favorable, although irregularity and weakness in some staple prices restrict readjustments of consumption to enlarged production. Copious rains in the corn belt and in the Western cotton region have removed some of the uneasiness existing as to the outcome of these two great crops and despite this backwardness the outlook for general trade has been measurably helped. Iron and steel buyers are still backward. The railroads are having all they can handle with talk of congestion again being heard, and the country's returns of cereal and food products promise better than a year ago insofar as quality is concerned. A favorable feature this week is the reported improvement in foreign demand for our breadstuffs, considerable quantities of new wheat and old corn being reported taken. Accompanying this has been an improvement in the outside price in the cereal markets. The industrial situation is, on the whole, satisfactory.

Why Don't You Try H. W. Barker's Cough, Catarrh and Consumption Remedy. Its the medicine that cures. There's nothing like it. At **JOHNSON'S Pharmacy.**

MISS SARAH FINLEY,

Vice-President of the Palmetto Club, Memphis, Tenn.

WINE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body.

following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McElee's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the bottle, address The Ladies Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

COMPANIES WILL DOUBTLESS CARRY THE CASE TO HIGHEST COURTS.

Milwaukee, Aug. 1.—The Sentinel says: Insurance Commissioner Zeno M. Host yesterday decided that mutual life insurance companies doing business in this state must distribute their surplus among the policy holders at least once in five years. The decision affects many companies in this country and involves some \$300,000,000 which has been withheld by companies doing business in Wisconsin. That the stand of Mr. Host will be fought by the insurance companies there is no doubt, and eventually it will reach the highest courts. The outcome of the case has been watched for months by every company in the country, and if the commissioner's stand is sustained by the courts it will cause a shake-up in insurance circles such as has never been seen. It will make it possible for heirs of dead people to claim surpluses and compound interest that have been withheld, according to a well known insurance man, and endless litigation is probable.

The decision came on a complaint made by L. A. Brunchhorst of Milwaukee against the Equitable Life Assurance Society of the United States, of New York, the complainant being represented by Senator Julius E. Rober. Mr. Brunchhorst stands in the place of a large number of policyholders.

"Tontine" Policies Affected.

The kind of policies that will be affected are those known as the "tontine," wherein policyholder and insurance company enter into a contract by the terms of which the earnings of the policy are to be paid at the end of a term of years, generally twenty. By the terms of the policy the policyholder, should he lapse in his payments of premiums in the meantime, all the money that he has paid in, together with the interest earned thereby, goes to swell the "tontine" class fund, and is distributed pro rata among the policyholders when the time arrives for the payment of the interest under the terms of the contract.

In case of the death of the holder of a "tontine" policy before the time for the payment of the earnings, the heirs or beneficiaries receive the face value of the policy and the accumulated earnings, if any there be, are placed to the credit of the "tontine" fund and are distributed at the time the interest becomes due, at the expiration of the term of years for which the policy is "tontined."

ATTEMPTED BRIBERY.

Governor La Follette of Wisconsin Talks Upon the Subject.

Madison, Wis., Aug. 1.—Strong and direct charges of attempted bribery in connection with the legislature of 1901 were made by Governor La Follette in his Chautauqua speech before the Monona assembly in this city. The remarks were not included in the prepared address of the governor, but were gleaned from the stenographic report of the governor's speech. No attempt was made to declare that the facts of the successful use of money was capable of proof. The governor said:

"Bribery is a crime in the dark. There is the bribe-giver and the bribe-taker. It is a crime difficult to prove. No one will confess himself willingly into the penitentiary. That money was used, no one who watched the session can doubt. That money was offered and refused, is susceptible of proof. But you can understand with what reluctance men in public life are willing to come forward and offer their testimony of even that. They know they will be pursued by all the agencies in the power of these great and rich corporations."

OFFICERS BECOMING WEARY.

Pursuit of the California Desperadoes Being Abandoned.

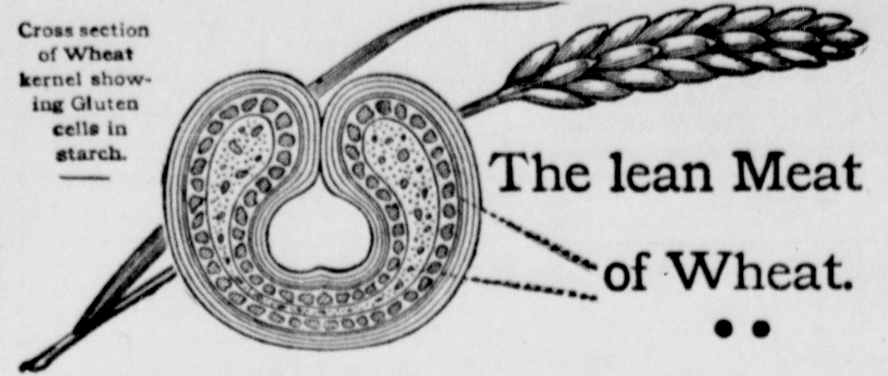

Placerville, Cal., Aug. 1.—Twelve of the desperadoes who escaped from the Folsom penitentiary are still at large and developments indicate that the pursuing officers have become weary of their fruitless search. Governor Pardee has issued an order withdrawing the Placerville company of the national guard from the chase, and reports have been received that many members of the sheriff's posse are returning to their homes. All traces of the outlaws appear to have been lost and the prospect of their capture is more remote than ever.

FROM THE SAME SCOFFOLD.

Two Murderers Hanged in the Jail-yard at Prescott, Ariz.

Prescott, Ariz., Aug. 1.—Hilario Higueldo and Francisco Renteria, murderers of C. E. Goddard and Frank Cox at Goddard station, in February of this year, were hanged in the jail-yard here Friday from the same scaffold.

Cross section of Wheat kernel showing Gluten cells in starch.

GLUTEN—is the prime muscle-making constituent of Wheat, and its flavoring principle.

Indiana Wheat is richest in Gluten, yet 60 per cent of even that best wheat is,—Starch.

Starch is a mere fat-former,—heating in Summer,—dyspeptic,—and a poor strength food.

PRESTO quick-flour is rich in Gluten, with only a low percentage of Starch, and is milled down to such unusual fineness, and uniformity, that it works into pastry twice as quickly, and twice as evenly, as other flours.

Because of this uniform fineness its tiny particles are promptly penetrated, and digested, by the Gastric juices of the stomach, being thus converted into strength long before ordinary flour starts conversion into fat.

Not six per cent. of American flour is equal to PRESTO in nutrition, flavor, and "keeping" qualities.

Yet Cake, or Pastry, made from it costs a trifle less than from common flour—as comparative recipes prove.

PRESTO needs no Baking Powder, and much less than other flours, of that costly and indigestible thing—"shortening." Note relative costs in next ad.

TRADE OF THE WEEK.

EVIDENCE OF LOYALTY

King Edward and Queen Alexandra Warmly Greeted at Limerick.

Galway, Ireland, Aug. 1.—King Edward, Queen Alexandra and their party left Galway by train Friday morning for Kenmare, where they arrived at 2 p. m. and met with an enthusiastic reception. Their majesties visited the convent and then rode in a motor to Deven House, the residence of Lord Lansdowne, the foreign secretary, where they were entertained by his lordship. The king and queen, after tea, proceeded to Berehaven and embarked on board the royal yacht Victoria and Albert bound for Queens Town.

The weather was beautiful and the scenes witnessed Thursday were repeated at all the stopping places, the peasants and landlords turning out in full numbers and giving every evidence of loyalty. This was especially noticeable at Limerick, which was passed by the royal party on their way to Kenmare. A great crowd of people at Limerick gave their majesties a most cordial greeting.

Industrial Situation Is Generally Satisfactory.

New York, Aug. 1.—Bradstreet's review of trade says weather, crop and trade conditions are seasonably favorable, although irregularity and weakness in some staple prices restrict adjustments of consumption to enlarged production. Copious rains in the corn belt and in the Western cotton region have removed some of the uneasiness existing as to the outcome of these two great crops and despite this backwardness the outlook for general trade has been measurably helped. Iron and steel buyers are still backward. The railroads are having all they can handle with talk of congestion again being heard, and the country's returns of cereal and food products promise better than a year ago insofar as quality is concerned. A favorable feature this week is the reported improvement in foreign demand for our breadstuffs, considerable quantities of new wheat and old corn being reported taken. Accompanying this has been an improvement in the outside demand in the cereal markets. The industrial situation is, on the whole, satisfactory.

Why Don't You Try H. W. Barker's Cough, Catarrh and Consumption Remedy. Its the medicine that cures. There's nothing like it. At JOHNSON'S Pharmacy.

MISS SARAH FINLEY,

Vice-President of the Palmetto Club, Memphis, Tenn.

WINE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women.

following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McElree's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

Supt. Vanderslice, of the Superior division of the N. P., was in the city today in his private car on official business.

Mrs. Meyer, who has been visiting Miss Jennie Daniels and others, returned to her home in Minneapolis yesterday.

Attorney Price, of Grand Rapids, is in the city today. He argued a motion before Judge McClenahan in chambers this morning.

The Eastern Star picnic will be held at Gilbert lake on Friday next. All members and their families will participate in the event.

Mr. and Mrs. Just, of Ann Arbor, Mich., are visiting in the city guests of Mrs. Justin Smith. Mrs. Just and Mrs. Smith are sisters.

Mr. and Mrs. Ed. Corrigan, of Minneapolis, are in the city visiting with the former's father, John Corrigan. They were married in Minneapolis Wednesday.

Mr. and Mrs. E. D. Kingsley, of Columbus, Ohio, arrived in the city this afternoon for a visit with Mrs. S. L. Sleeper. Mr. Kingsley is a brother of Mrs. Sleeper.

Miss Irene Hughes, a niece of Mr. and Mrs. John Hughes, passed through the city this afternoon en route from her home in Minneapolis to Staples where she will visit for some time.

Little Myra Drysdale, daughter of Mr. and Mrs. J. S. Drysdale, celebrated her seventh birthday anniversary by inviting in a few friends. The event was a very enjoyable one for the little lady as well as the guests. She was the recipient of many beautiful and costly presents for which she is very grateful. A nice luncheon was served, covers being laid for twelve.

Judge T. C. Blewitt this morning sold to John R. and George Britton forty acres of land described as the northeast 1/4 of the northeast 1/4 of section 24, 45, 30 for \$2000. This land was bought about a year ago by Mr. Blewitt for \$25 an acre and as will be seen has doubled in value. He still owns some 120 acres of land east of this and will commence at once to make some extensive improvements thereon. The land will be cleared, broken and put to crop before another season.

One hundred new hymnals have just been put in the Congregational church and will be ready for use tomorrow. Also 140 copies of the Pentecostal hymns have been purchased and are on hand for use in the Sunday school, Christian Endeavor and the mid-week service. It will also be used on Sabbath evenings to assist in the regular song service. Dr. Torrey, the famous evangelist, says of this book: "It is just the book to help people keep awake. It acts just like a tonic."

Keene & McFadden report the sale of 100 acres of land in section 22, 133, 29 belonging to John W. Roberts to M. L. Fitch, of Franklin, Renville county. Mr. Fitch expects to improve the land and move his family here. The same firm reports the sale of lot 4, block 14, Swartz addition, to Arthur Gorton. Also the Eric Kronberg place on Fourth street north to Mrs. Matilda Hagberg for \$1000. Eric Kronberg has bought a full section of land described as section 25, 47, 30, which is near the Dr. Camp farm.

COURT HOLDS MERGER IN STATE LEGAL AND MAY BE MAINTAINED

Judge Lochren Hands Down a Decision in the Famous Case of the State of Minnesota Against the Merger--First Ballot for New Pope to Succeed Leo XII.

SPECIAL TO THE DAILY DISPATCH:

ST. PAUL, August 1, 2:10 p. m.—Judge Lochren in the United States Court today held that the Northern Securities merger was legal and can be maintained. In the ruling made in the case of the State of Minnesota against the merger the court holds that the Northern Securities company is not guilty of violating the state act prohibiting the consolidation of parallel and competing lines because it is not a railroad company but merely an investing company.

ROME, August 1, 2:10 p. m.—The first ballot for the new pope was without result.

REMEDY FOR HAY FEVER.

After Trying Other Treatments Hyomei Was Used with Perfect Success.

Prior to the discovery of Hyomei, the only advise a physician could give to a hay fever patient was to go away from home but now any one who expects the disease, can, if Hyomei is used, stay at home without fear of the annual attack of sneezing, watery eyes, and other discomfort.

J. F. Forbes, a well known western railroad man, whose home is at McCook, Neb. writes, "I have never had relief from any remedy for hay fever, even temporarily, until I discovered the merits of Hyomei. I will always recommend it whenever occasion requires."

There is no offensive stomach dosing when Hyomei is used. It is a reliable remedy for the cure of all diseases of the respiratory organs and is breathed through a neat pocket inhaler that comes with every outfit, so that the air taken into the throat and lungs is like that of the White Mountains or other health resorts where hay fever is unknown.

H. H. Dunn & Co. who have the local agency for Hyomei, advise all who are subject to hay fever to begin its use two or three weeks before the time of the annual appearance of this disease and thus prevent the attack. If, however, Hyomei is not used until the sneezing and other disagreeable symptoms have shown themselves, it is necessary to use the treatment more frequently, at least half a dozen times daily, and Hyomei Balm should be rubbed into the nostrils both morning and night.

The fact that H. P. Dunn & Co. agree to refund the money to any hay fever sufferer who uses Hyomei without success, should inspire confidence in its power to effect a cure.

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung" writes J. F. Hughes of DuPont, Ga. "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all coughs, colds and throat and lung troubles. Guaranteed by H. P. Dunn & Co. drug store. Price 50c, and \$1.00. Trial bottles free.

BY AUGUST 20 PERHAPS

Work can be Commenced on the New Carnegie Library--New Books to be Selected.

The new library board are working now with a view to completing all arrangements so that work can be commenced on the new building by August 20. By the time the next meeting is held it is thought that there will be some plans submitted by architects so that the style of the building, etc., can be decided upon at that time. In view of the fact that there are so many Carnegie libraries throughout the country it is presumed that most architects will have some plans already to submit, and this it is thought will expedite matters considerably.

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

BASE BALL NUBS

The game between the locals and the St. Cloud Redmen team will be one of the best exhibitions that has been seen this year. The local team has been playing a fast article of ball during the past month or two and their efforts should be appreciated tomorrow by a good attendance. In addition to the lineup of last Sunday, Sam Engbretson will be in the game tomorrow and will play third base, Pat Boyle taking one of the field positions. This will be about the only change in the lineup. The grounds have been cleared of the weeds and altogether it will be a fine afternoon's sport. Tache and Roderick will do the strong work for the locals and Wadell and Greibler will hold the boards for the visitors. The following is the lineup of the locals: E. Boyle, ss; P. Boyle, rf; Roderick, c; Engbretson, 3b; Ryan, 2b; Jack Boyle, 1b; Merrill, lf; Murphy, cf; Tache, p.

Puts an End to it All.

A grievous ailment often comes as a result of unbearable pain from overtaxed organs. Dizziness, headache, liver complaint and constipation. But thanks to Dr. King's New Life Pills they put an end to it all. They are gentle but thorough. Try them. Only 25c. Guaranteed by H. P. Dunn & Co. drug store.

WOULD CHANGE FAIR LOCATION

Fight on In Cass County Over the Location of the County Fair this Year.

A FIGHT AGAINST SYLVAN

North End of County Making a Pull to Locate Fair at Pine River.

In a short time there will be a meeting of the stockholders and directors of the Cass County Agricultural Society and it is said that there will be a big fight on at the meeting over the location for the county fair this year. Heretofore the fairs have been held at Sylvan Lake, but there is a fight on against that place this year and the residents of Pine River and the northern part of the county are putting up the scrap. They want the fair located at Pine River.

The result of the meeting will be watched with interest.

D. M. Clark & Co. oldest and largest installment house in city.

LABOR DAY CELEBRATION.

Trades and Labor Assembly Take Initial Steps to Prepare for the Big Event Again This Year.

The Trades and Labor assembly has already taken the initiative in making arrangements for Labor Day this year and the indications are that the day will be one of the biggest of the year, as every effort is to be made to outdo all former attempts.

The regular officers of the Trades and Labor assembly have been named as officers of the Labor Day celebration and are as follows: President, William Heron; vice president, David Snell; financial secretary, W. H. Bolton; treasurer, William Hense; recording secretary, R. C. Kutz; statistician, John R. Dahin.

At the meeting on Thursday evening the president was empowered to appoint the various committees such as printing, sports, music, speakers, reception and ball. Conrad Isle has been named as chief marshal of the day and each local union has been requested to select their own marshals and forward their names to the president of the assembly.

A motion prevailed that each local union in the city be requested to have three members named to attend all the meetings of the Trades and Labor assembly from now on until Labor Day.

It is the intention to have a big parade this year again and it is hoped that there will be even a greater interest taken in the matter than there has been in the past. The merchants of the city will be interested in the parade and efforts will be made to have a larger number of floats out this year than in the past. As usual there will be speech making after the parade, followed by the regular sports program and a ball game in the park.

The set of officers who have charge of this year's celebration are all hustlers and are old representatives of labor in this city. From the personnel, judging from past records, it may be predicted that this year's Labor Day celebration will eclipse anything of the kind ever attempted in this city.

A boon to travelers. Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhoea, seasickness, nausea. Pleasant to take. Perfectly harmless.

IT IS A HUMMER

New Static and X-Ray Machine Purchased by Drs. Groves & Nicholson Placed in Position.

Drs. Groves & Nicholson have just made a valuable addition to the mechanical equipment in their offices in the Towne-McFadden building. They have a new static and X-ray machine of the McCoy make and it is said to be one of the finest ever placed on the market. It is a twenty-four plate machine and is thoroughly equipped for doing all kinds of X-ray work. There have been a large number of callers at the offices to see the machine work. It is giving very good satisfaction.

We furnish your house complete, easy terms.

D. M. Clark & Co.

MUSIC AND DRAMA.

FRANCIS GREENE STOCK CO.

A crowded house greeted the opening performance of the Francis Greene company last night. The company pleased both in play and specialties. The play was just the thing for a summer show and the specialties way above the average usually carried by repertoire companies. This company puts up a show that is equal to some of the high priced attractions that come here for one night stands. Tonight the bill is "A Life for a Life," a sensational comedy drama with entire change of specialties.—Crookston Journal, July 28.

The Francis Greene Co. play at the Brainerd opera house all next week at cheap prices of only 15, 25, 35 and 50c with a change of play and specialties every night. "The Hustler" will be the bill Monday night when a lady will be admitted free if accompanied by a paid 35 or 50c ticket. Secure your seats at Dunn's drug store.

2nd hand goods to be sold for storage at D. M. Clark & Co. warehouse.

FARMERS WANT ELECTRIC LINE

The Mille Lac Lake Farmers Desirous of Making Arrangements Whereby this City Could be Reached.

The farmers living in the Mille Lac lake country are said to be making some move toward securing an electric line from Brainerd to the northwest corner of the lake. They figure if such a line could be built that a boat could be run around the lake to pick up the products of the farmers and that it would be the means of settling up that country more rapidly. The people there say they are tired waiting for railroad facilities, and do not now expect one in there very soon and they are therefore much interested in a proposed electric line.

Do your chairs need upholstering, call on D. M. Clark & Co.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica salve ever handy. It's the best salve on earth and will prevent fatality, when burns, sores, ulcers and piles threaten. Only 25c at H. P. Dunn & Co. drug store.

Puts an End to it all.

A grievous wail oftentimes comes as a result of unbearable pain from overtaxed organs. Dizziness, headache, liver complaint and constipation. But thanks to Dr. King's New Life Pills they put an end to it all. They are gentle but thorough. Try them. Only 25c. Guaranteed by H. P. Dunn & Co. drug store.

WOULD CHANGE FAIR LOCATION

Fight on In Cass County Over the Location of the County Fair this Year.

A FIGHT AGAINST SYLVAN

North End of County Making a Pull to Locate Fair at Pine River.

In a short time there will be a meeting of the stockholders and directors of the Cass County Agricultural Society and it is said that there will be a big fight on at the meeting over the location for the county fair this year. Heretofore the fairs have been held at Sylvan Lake, but there is a fight on against that place this year and the residents of Pine River and the northern part of the county are putting up the scrap. They want the fair located at Pine River.

The result of the meeting will be watched with interest.

D. M. Clark & Co. oldest and largest installment house in city.

LABOR DAY CELEBRATION.

Trades and Labor Assembly Take Initial Steps to Prepare for the Big Event Again This Year.

The Trades and Labor assembly has already taken the initiative in making arrangements for Labor Day this year and the indications are that the day will be one of the biggest of the year, as every effort is to be made to outdo all former attempts.

The regular officers of the Trades and Labor assembly have been named as officers of the Labor Day celebration and are as follows: President, William Heron; vice president, David Snell; financial secretary, W. H. Bolton; treasurer, William Hense; recording secretary, R. C. Kutz; statistician, John R. Dahin.

At the meeting on Thursday evening the president was empowered to appoint the various committees such as printing, sports, music, speakers, reception and ball. Conrad Isle has been named as chief marshal of the day and each local union has been requested to select their own marshals and forward their names to the president of the assembly.

A motion prevailed that each local union in the city be requested to have three members named to attend all the meetings of the Trades and Labor assembly from now on until Labor Day.

It is the intention to have a big parade this year again and it is hoped that there will be even a greater interest taken in the matter than there has been in the past. The merchants of the city will be interested in the parade and efforts will be made to have a larger number of floats out this year than in the past. As usual there will be speech making after the parade, followed by the regular sports program and a ball game in the park.

The set of officers who have charge of this years celebration are all hustlers and are old representatives of labor in this city. From the personnel, judging from past records, it may be predicted that this years Labor Day celebration will eclipse anything of the kind ever attempted in this city.

A boon to travelers, Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhoea, seasickness, nausea. Pleasant to take. Perfectly harmless.

IT IS A HUMMER

New Static and X-Ray Machine Purchased by Drs. Groves & Nicholson Placed in Position.

Drs. Groves & Nicholson have just made a valuable addition to the mechanical equipment in their offices in the Towne-McFadden building. They have a new static and X-ray machine of the McCoy make and it is said to be one of the finest ever placed on the market. It is a twenty-four plate machine and is thoroughly equipped for doing all kinds of X-ray work. There have been a large number of callers at the offices to see the machine work. It is giving very good satisfaction.

We furnish your house complete, easy terms.

D. M. CLARK & Co.

MUSIC AND DRAMA.

FRANCIS GREENE STOCK CO.

A crowded house greeted the opening performance of the Francis Greene company last night. The company pleased both in play and specialties. The play was just the thing for a summer show and the specialties way above the average usually carried by repertoire companies. This company puts up a show that is equal to some of the high priced attractions that come here for one night stands. Tonight the bill is "A Life for a Life," a sensational comedy drama with entire change of specialties.—Crookston Journal, July 28.

The Francis Greene Co. play at the Brainerd opera house all next week at cheap prices of only 15, 25, 35 and 50c with a change of play and specialties every night. "The Hustler" will be the bill Monday night when a lady will be admitted free if accompanied by a paid 35 or 50c ticket. Secure your seats at Dunn's drug store.

2nd hand goods to be sold for storage at D. M. Clark & Co. warehouse.

FARMERS WANT ELECTRIC LINE

The Mille Lac Lake Farmers Desirous of Making Arrangements Whereby this City Could be Reached.

The farmers living in the Mille Lac lake country are said to be making some move toward securing an electric line from Brainerd to the northwest corner of the lake. They figure if such a line could be built that a boat could be run around the lake to pick up the products of the farmers and that it would be the means of settling up that country more rapidly. The people there say they are tired waiting for railroad facilities, and do not now expect one in there very soon and they are therefore much interested in a proposed electric line.

Do your chairs need upholstering, call on D. M. Clark & Co.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica salve ever handy. It's the best salve on earth and will prevent festivity, when burns, sores, ulcers and piles threaten. Only 25c at H. P. Dunn & Co. drug store.

We Told You

Yesterday we had Started a

SKIRT... SALE

That Announcement brought in enough buyers to surprise us and it certainly pleased the people who were fortunate enough to buy skirts.

Three Skirts worth \$8 sold at \$5 each

Two Skirts worth \$9 sold at \$5.75 each

Three Skirts worth \$3 sold at \$1.50 each

CREATES EXCITEMENT

FEDERAL GRAND JURY RETURNS
INDICTMENTS THAT INVOLVE
NINE PERSONS.

MACHEN ACCEPTED MONEY

POSTOFFICE DEPARTMENT IS
SUES A STATEMENT ON HIS
TRANSACTIONS.

Washington, Aug. 1.—The postoffice investigation developed excitement Friday, the federal grand jury returning seven indictments involving nine persons for alleged conspiracy and bribery, in connection with postal affairs. August W. Machen, for many years head of the free delivery service, was named jointly with others in four of the indictments. The other men were William Gordon Crawford, who was deputy auditor for the postoffice department from June 12, 1892, to Sept. 15, 1897, and is a member of one of the exclusive clubs of this city; Leopold J. Stern of Baltimore; George E. Lorenz of Toledo, formerly a prominent government official, and Martha J. Lorenz, his wife; John T. Capper, mayor of Lock Haven, Pa.; William C. Long, an Ohio man, who has spent much time in this city in recent years and who is an intimate friend of Machen; Maurice Runkle of New York City, and Thomas W. McGregor, a protégé of Machen, who was a messenger at the beginning of Machen's administration of the free delivery service and in recent years has been in charge of the supplies for the rural free delivery service.

Three Furnish Bail.
Crawford voluntarily appeared in court soon after the indictments were returned and furnished \$10,000 bail, and McGregor likewise gave \$5,000 bail. Long was arrested at his home, where Deputy Marshall Springman found him in bed. He was released on \$10,000 bonds. His was the only case in which a bench warrant was issued, owing to the voluntary action of the others indicted.

Machen was not rearrested under the new indictment, as he gave bonds in \$20,000 under his indictment several weeks ago and the authorities felt this was sufficient to ensure his appearance. Warrants have been issued for the out of town parties indicted, and their arrest is expected within twenty-four hours. The grand jury has not completed the work laid before it by the postal investigators and other indictments may be expected later on, possibly within a week or two. It is understood that two additional cases against one of the parties indicted Friday, a former prominent bureau official, are being inquired into by the grand jury, and that the acts of another high official of the postoffice department, already under indictment by the Brooklyn grand jury, are being investigated.

The postoffice department has made public a statement of the cases which says in part:
Clandestine Agreement.
"In 1892 the department through the free delivery division, entered into a contract with the Postal Device and Lock company, for the purchase of carriers' satchels for a period of four years. The manager of this company, with whom all negotiations were conducted, was W. G. Crawford of Washington, D. C. The satchels were to be made of a coated canvas called pegamoid instead of leather, as formerly. The specifications of this contract required the contractor to furnish straps the same as in the Stern contract. George E. Lorenz of Toledo, O., made a contract with Mr. Crawford to aid him in securing the contract and to furnish the straps for a specific amount per satchel. Pursuant to this agreement, which was a clandestine agreement and not a matter of record in the department, every time the Postal Device and Lock company was paid for a supply of satchels remittance was made by that company to George E. Lorenz of Toledo, O., for his part of the compensation. Mr. Lorenz, however, did not furnish the straps. They were furnished by the department through Machen and paid for by the department. Crawford, therefore, paid Lorenz for the straps which the department furnished, and Lorenz, to show his appreciation of

Machen's Liberality
In furnishing free of charge the straps, which he (Lorenz) was paid for, divided his profits with Machen. When Crawford remitted to Lorenz, Lorenz at once remitted to Machen. Machen, Crawford, George E. Lorenz, and Mrs. George E. Lorenz, in whose name the money has been deposited, have been indicted for conspiracy to defraud the government.

"Crawford was deputy auditor for the postoffice department from June 12, 1893 to Sept. 15, 1897.

"In 1901 Machen entered into an agreement with Maurice Runkle of New York to furnish a small leather case for the free delivery service, for which the department paid 90 cents each. This contract was entered into without competition and the cases cost Runkle about 20 cents each. The inspectors have conclusive evidence that Runkle divided his profit of 60 cents per case with Machen and McGregor. This is analogous with the Baltimore case in which McGregor and Upton figured and have been both indicted.

"Machen and Runkle have been indicted in this case.
"In 1898, through the free delivery division, a contract was made with Leopold J. Stern of Baltimore for carriers' satchels. The specifications required Stern to furnish complete satchels, including the shoulder straps, the shoulder strap being specifically described as a part of the satchel and to be furnished by the contractor. After the contract was entered into, Stern

Was Relieved by Machen from furnishing the straps, the full price being paid for the satchels, in

THREE TRAMPS KILLED.

Several Trainmen Injured in a Collision in California.

Los Angeles, Cal., Aug. 1.—The Santa Fe limited and an eastbound passenger train collided head on Friday near the Needles, Cal., killing three tramps and injuring several trainmen. The locomotives were crippled, one composite car was destroyed and another was damaged.

Secretary Wilson at Oyster Bay.
Oyster Bay, L. I., Aug. 1.—Secretary Wilson of the department of agriculture arrived here during the day and, after calling at the executive office, was driven to Sagamore Hill. While here he discussed with the president some minor departmental matters.

TELEGRAPHIC BREVITIES.

A negro who insulted some women by cursing and firing into their houses was lynched Friday, at Alto, Tex.

Theodore Hamm, a wealthy brewer of St. Paul, died suddenly of heart failure at his home in that city Friday.

The bodies of four more miners, all Finlanders, have been recovered from the Union Pacific mine at Hanna, Wyo.

Jimmie Britt refused to fight Jack O'Keefe Friday night at San Francisco, O'Keefe being ten pounds over weight.

Colonel Edward M. Brown, veteran editor, pioneer of North Dakota and for thirteen years resident of St. Paul, died Friday of apoplexy at St. Paul.

John H. Sullivan, a brakeman, and fourteen railway employees were injured in the derailment of a work train on the Chicago and Eastern Illinois railroad at Brazil, Ind.

In spite of the heavy breeze that blew down the east stretch, Lou Dillon, the trotting mare, Friday reduced her record of 2:02 1/4 to 2:02 3/4 at the Glenview track at Cleveland, O.

PLANS A LONG TRIP.

Illinois Editor Intends to Walk Eight Thousand Miles.

Chicago, Aug. 1.—Robert M. Wilson, editor of the Durand, Ill., Clipper, plans to start today and walk to Cape Fishburne, on the Arctic ocean, 8,000 miles away. He will go through Minnesota, through Canada, following the coast from Vancouver to Cape Nome, thence to his destination, beyond the Arctic circle. He expects to be gone fifteen months.

STRUCK BY A TRAIN.

Albert Skibbe and His Wife and Child Instantly Killed.

Chicago, Aug. 1.—Albert W. Skibbe, his wife and child were instantly killed late Friday afternoon at Ashland avenue crossing of the Chicago, Burlington and Quincy railway. The family was in a buggy driving and failed to notice the oncoming train until it was too late.

THREE PERSONS DROWNED.

Little Girl and Two of Her Father's Friends Perish.

Detroit, Mich., Aug. 1.—A special to the Free Press from Muskegon, Mich., says: Three persons were drowned in Crystal Lake Friday. One was the eight-year-old daughter of Commissioner Pike, the other two were friends visiting at the commissioner's cottage.

Yellow Glasses Tests For Gun Sights.

The United States army is going to make experiments with yellow tinted glass in gun sights and field glasses, based upon the favorable comment which has greeted the innovation in armies in Europe, says a Fort Riley (Kan.) dispatch to the Kansas City Star. The ordnance department has been the first to take the matter up and is already fitting range finders with this colored glass. The signal corps has already announced its intention of experimenting with field glasses. Experiments in the Russian army have shown that batteries using the yellow tinted glass have made about one-third more hits in practice than those using sights without the yellow glasses. It is said in favor of this color that it gives a softer light to the eyes, especially in a brilliant sunlight, and even in cloudy weather or twilight the object fired at can be seen plainly without straining the eyes.

Electricity the Future Medicine.

Electricity will be the sole medicine of the future, according to Mr. d'Arsonval, a well known savant of the Psychological Institute of Paris, says the New York World. At a recent meeting of the Institute he made an exhaustive address on "The Action of Electricity Upon Human Beings." He showed that electric treatment is excellent for certain maladies of the skin and that electricity has a powerful effect on microbes and accelerated circulation and respiration without fatigue to the person operated on. Moreover, what is most important, he said it acts strongly on cellular vitality.

RAILROAD GOSSIP

As a result of frequent collisions on railroads of the northwest, it is probable a change will be made in the standard train-order system. It is likely the practice of running trains in sections will be abolished. A change in the standard system will be made, so that, if there are two sections to a train, each section will be treated as a separate train, thus avoiding confusion.

The Northern Pacific will not lay any rails on the Edgeley-Dawson extension this year, it is stated. The intention was to put new rails on the Jamestown Northern branch and use the old ones on the new extension. The company was unable to secure the necessary material, it is stated.

Although the rate of the first of the merchants' fall excursions into Minneapolis has been in effect only five days, more than seventy-five merchants, from all parts of the tributary territory, have taken advantage of the one and one-fifth rate made to visit the Minneapolis wholesalers in quest of bargains.

TWO SERIOUSLY WOUNDED.

Nonunion Men Fire Into a Crowd of Strikers.

McKeesport, Pa., Aug. 1.—The most serious disturbance of the many that have occurred since the beginning of the strike at the Port Vue tin mill took place last evening. During the progress of the riot John Mount was fatally injured and John Cameron was shot so that he will be crippled for life. Mount was shot above the fourth rib the bullet lodging near the spine. Cameron was shot in the left knee. Both victims were on their way home from one of the other mills, when the turns changed at the Port Vue tin mill, two of the nonunion men, H. D. King and Elmer Dollif, started for home. When they had crossed the bridge a crowd of 100 strikers surrounded them and in the melee that followed King and Dollif fired into the crowd, hitting Mount and Cameron. King and Dollif are in jail and bail has been refused.

CREATES EXCITEMENT
FEDERAL GRAND JURY RETURNS
INDICTMENTS THAT INVOLVE
NINE PERSONS.
MACHEN ACCEPTED MONEY
POSTOFFICE DEPARTMENT IS
SUES A STATEMENT ON HIS
TRANSACTIONS.

Washington, Aug. 1.—The postoffice investigation developed excitement Friday, the federal grand jury returning seven indictments involving nine persons for alleged conspiracy and bribery, in connection with postal affairs. August W. Machen, for many years head of the free delivery service, was named jointly with others in four of the indictments. The other men were William Gordon Crawford, who was deputy auditor for the postoffice department from June 12, 1893, to Sept. 15, 1897, and is a member of one of the exclusive clubs of this city; Leopold J. Stern of Baltimore; George E. Lorenz of Toledo, formerly a prominent government official, and Martha J. Lorenz, his wife; John T. Capper, mayor of Lock Haven, Pa.; William C. Long, an Ohio man, who has spent much time in this city in recent years and who is an intimate friend of Machen; Maurice Runkle of New York City, and Thomas W. McGregor, a protégé of Machen, who was a messenger at the beginning of Machen's administration of the free delivery service and in recent years has been in charge of the supplies for the rural free delivery service.

Three Furnish Bail.
Crawford voluntarily appeared in court soon after the indictments were returned and furnished \$10,000 bail, and McGregor likewise gave \$5,000 bail. Long was arrested at his home, where Deputy Marshall Springman found him in bed. He was released on \$10,000 bonds. His was the only case in which a bench warrant was issued, owing to the voluntary action of the others indicted.
Machen was not rearrested under the new indictment, as he gave bonds in \$20,000 under his indictment several weeks ago and the authorities felt this was sufficient to ensure his appearance. Warrants have been issued for the out of town parties indicted, and their arrest is expected within twenty-four hours. The grand jury has not completed the work laid before it by the postal investigators and other indictments may be expected later on, possibly within a week or two. It is understood that two additional cases against one of the parties indicted Friday, a former prominent bureau official, are being inquired into by the grand jury, and that the acts of another high official of the postoffice department, already under indictment by the Brooklyn grand jury, are being investigated.

The postoffice department has made public a statement of the cases which says in part:
Clandestine Agreement.
"In 1892 the department, through the free delivery division, entered into a contract with the Postal Device and Lock company, for the purchase of carriers' satchels for a period of four years. The manager of this company, with whom all negotiations were conducted, was W. G. Crawford of Washington, D. C. The satchels were to be made of a coated canvas called pegamoid instead of leather, as formerly. The specifications of this contract required the contractor to furnish straps the same as in the Stern contract. George E. Lorenz of Toledo, O., made a contract with Mr. Crawford to aid him in securing the contract and to furnish the straps for a specific amount per satchel. Pursuant to this agreement, which was a clandestine agreement and not a matter of record in the department, every time the Postal Device and Lock company was paid for a supply of satchels remittance was made by that company to George E. Lorenz of Toledo, O., for his part of the compensation. Mr. Lorenz, however, did not furnish the straps. They were furnished by the department through Machen and paid for by the department. Crawford, therefore, paid Lorenz for the straps which the department furnished, and Lorenz, to show his appreciation of Machen's liberality
In furnishing free of charge the straps, which he (Lorenz) was paid for, divided his profits with Machen. When Crawford remitted to Lorenz, Lorenz at once remitted to Machen. Machen, Crawford, George E. Lorenz, and Mrs. George E. Lorenz, in whose name the money has been deposited, have been indicted for conspiracy to defraud the government.
"Crawford was deputy auditor for the postoffice department from June 12, 1893 to Sept. 15, 1897.
"In 1901 Machen entered into an agreement with Maurice Runkle of New York to furnish a small leather case for the free delivery service, for which the department paid 90 cents each. This contract was entered into without competition and the cases cost Runkle about 30 cents each. The inspectors have conclusive evidence that Runkle divided his profit of 60 cents per case with Machen and McGregor. This is analogous with the Baltimore case in which McGregor and Upton figured and have been both indicted.
"Machen and Runkle have been indicted in this case.
In 1898, through the free delivery division, a contract was made with Leopold J. Stern of Baltimore for carriers' satchels. The specifications required Stern to furnish complete satchels, including the shoulder straps, the shoulder strap being specifically described as a part of the satchel and to be furnished by the contractor. After the contract was entered into, Stern
Was Relieved by Machen from furnishing the straps, the full price being paid for the satchels. In

THREE TRAMPS KILLED.
Several Trainmen Injured in a Collision in California.

Los Angeles, Cal., Aug. 1.—The Santa Fe limited and an eastbound passenger train collided head on Friday near the Needles, Cal., killing three tramps and injuring several trainmen. The locomotive was crippled, one composite car was destroyed and another was damaged.

Secretary Wilson at Oyster Bay.
Oyster Bay, L. I., Aug. 1.—Secretary Wilson of the department of agriculture arrived here during the day and, after calling at the executive office, was driven to Sagamore Hill. While here he discussed with the president some minor departmental matters.

TELEGRAPHIC BREVITIES.

A negro who insulted some women by cursing and firing into their houses was lynched Friday, at Alto, Tex.
Theodore Hamm, a wealthy brewer of St. Paul, died suddenly of heart failure at his home in that city Friday.
The bodies of four more miners, all Finlanders, have been recovered from the Union Pacific mine at Hanna, Wyo.

Jimmie Britt refused to fight Jack O'Keefe Friday night at San Francisco. O'Keefe being ten pounds over weight.

Colonel Edward M. Brown, veteran editor, pioneer of North Dakota and for thirteen years resident of St. Paul, died Friday of apoplexy at St. Paul.

John H. Sullivan, a brakeman, and fourteen railway employees were injured in the derailment of a work train on the Chicago and Eastern Illinois railroad at Brazil, Ind.

In spite of the heavy breeze that blew down the east stretch, Lon Dillon, the trotting mare, Friday reduced her record of 2:03 1/2 to 2:02 3/4 at the Glenview track at Cleveland, O.

In a strong breeze at Montreal, Can., the Thorella defender in the Seawanhaka cup races, ran away from the Kolento, the American challenger, winning by 19 minutes and 36 seconds.

Eggs—11c to 12c. Poultry—Turkeys, 12c; chickens, 12 1/2c.

PLANS A LONG TRIP.

Illinois Editor Intends to Walk Eight Thousand Miles.
Chicago, Aug. 1.—Robert M. Wilson, editor of the Durand, Ill., Clipper, plans to start today and walk to Cape Tishborne, on the Arctic ocean, 8,000 miles away. He will go through Minnesota, through Canada, following the coast from Vancouver to Cape Nome, thence to his destination, beyond the Arctic circle. He expects to be gone fifteen months.

STRUCK BY A TRAIN.

Albert Skibbe and His Wife and Child Instantly Killed.
Chicago, Aug. 1.—Albert W. Skibbe, his wife and child were instantly killed late Friday afternoon at Ashland avenue crossing of the Chicago, Burlington and Quincy railway. The family was in a buggy driving and failed to notice the oncoming train until it was too late.

THREE PERSONS DROWNED.

Little Girl and Two of Her Father's Friends Perish.
Detroit, Mich., Aug. 1.—A special to the Free Press from Iasca, Mich., says: Three persons were drowned in Crystal Lake Friday. One was the eight-year-old daughter of Commissioner Pike, the other two were friends visiting at the commissioner's cottage.

Yellow Glasses Tests For Gun Sights.

The United States army is going to make experiments with yellow tinted glass in gun sights and field glasses, based upon the favorable comment which has greeted the innovation in armies in Europe, says a Fort Riley (Kan.) dispatch to the Kansas City Star. The ordnance department has been the first to take the matter up and is already fitting range finders with this colored glass. The signal corps has already announced its intention of experimenting with field glasses. Experiments in the Russian army have shown that batteries using the yellow tinted glass have made about one-third more hits in practice than those using sights without the yellow glasses. It is said in favor of this color that it gives a softer light to the eyes, especially in a brilliant sunlight, and even in cloudy weather or twilight the object fired at can be seen plainly without straining the eyes.

Electricity the Future Medicine.

Electricity will be the sole medicine of the future, according to Mr. d'Arsonval, a well known savant of the Psychological Institute of Paris, says the New York World. At a recent meeting of the institute he made an exhaustive address on "The Action of Electricity Upon Human Beings." He showed that electric treatment is excellent for certain maladies of the skin and that electricity has a powerful effect on microbes and accelerated circulation and respiration without fatigue to the person operated on. Moreover, what is most important, he said it acts strongly on cellular vitality.

RAILROAD GOSSIP

As a result of frequent collisions on railroads of the northwest, it is probable a change will be made in the standard train-order system. It is likely the practice of running trains in sections will be abolished. A change in the standard system will be made, so that, if there are two sections to a train, each section will be treated as a separate train, thus avoiding confusion.

The Northern Pacific will not lay any rails on the Edgeley-Dawson extension this year, it is stated. The intention was to put new rails on the Jamestown Northern branch and use the old ones on the new extension. The company was unable to secure the necessary material, it is stated.

Although the rate of the first of the merchants' fall excursions into Minneapolis has been in effect only five days, more than seventy-five merchants, from all parts of the tributary territory, have taken advantage of the one and one-fifth rate made to visit the Minneapolis wholesalers in quest of bargains.

TWO SERIOUSLY WOUNDED.

Nonunion Men Fire Into a Crowd of Strikers.
McKeesport, Pa., Aug. 1.—The most serious disturbance of the many that have occurred since the beginning of the strike at the Port Vue tin mill took place last evening. During the progress of the riot, John Mount was fatally injured and John Cameron was shot so that he will be crippled for life. Mount was shot above the fourth rib, the bullet lodging near the spine. Cameron was shot in the left knee. Both victims were on their way home from one of the other mills, when the turns charged at the Port Vue tin mill, two of the nonunion men, H. D. King and Elmer Dollif, started for King. When they had crossed the bridge a crowd of 100 strikers surrounded them and in the melee that followed King and Dollif fired into the crowd, hitting Mount and Cameron. King and Dollif are in jail and bail has been refused.
